

## Roads to Family: All the Ways we Come to Be

Written for middle and high schoolers, each chapter is packed with real-life stories and informative illustrations that:

- explain the fascinating science of modern human reproduction (IVF, insemination, donor conception, surrogacy) and
- explore the complexity of what it means to create, find, and be family.

### About the Author

Rachel holds a Master's Degree in Public Health (MPH) and has been working in the field of reproductive health for over a dozen years.

A Booklist Starred Review

A rich and resourceful guide . . . The book is nuanced, bringing to the forefront the validity of all families along with answers to the questions young people might have about themselves and others." — Kirkus Reviews
